Pro-Ject Xtension 9 Evolution Superpack

Xtension 9 Evolution

Highend turntable with top class 9“ Evo tonearm

n/c MSRP 2.799 € (incl. VAT)

Pick it DS2 MSRP 2.999 € (incl. VAT)

Colour options:

- Heavy 16 kg belt drive turntable
- Mass loaded magnetic floating subchassis
- Precision balanced sandwich-platter
- Inverted ceramic ball bearing with magnetic support
- Heavy weight record clamp
- Heavy MDF chassis with high mass
- Electronic speed control 33/45 rpm
- Tonearm 9cc Evolution made from carbon fibre
- Inverted tonearm bearings (ABEC 7 quality)
- Finish options: mahogany, olive, walnut, eucalyptus, palisander, HG piano black, HG red, HG white

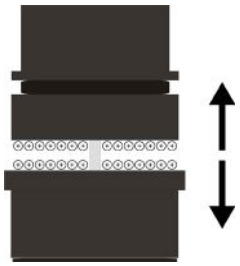

Speed: 33 / 45 rpm (electronic speed change)
Acrylic dust cover: yes
Pro-Ject phono cable included: Connect it E,1.23m
Aluminium feet: Magnetic supported & TPE damped
Turntable main bearing damping: heavy weight metal block
Max. speed variance: ±0,09%
Max. wow and flutter: ±0,1%
Rumble: 73dB
Platter weight/diameter: 5,4 kg/300mm
Platter puck weight: 800gr
Effective arm length / overhang: 230mm / 18mm
Effective tonearm mass: 8,5g
Tracking force range: 0-25mN
Cartridge weight range from: 4 - 14g
External power supply: 220-240V/50Hz / 15V/1600mA DC
Power consumption: 4W (max.) / < 1 watt standby
Dimensions: WxHxD 465 x 185 x 350 mm lid closed
Weight: 16kg

Superlative vinyl performance from a compact luxurious turntable/arm configuration!

Xtension 9 Evolution incorporates all our turntable design experience from more than 20 years in a slimline size to fit standard audio racks. Xtension 9 chassis is made from MDF, that gives high mass and is non-resonant. Magnetic feet, which decouple the main plinth from its base, are combined with a weighty 16kg total turntable mass. The result is a unique combination of ‚mass loaded' and ‚floating turntable' design principles. Instead of pure metal for the main platter, we've found a perfect alloy which we damped on with thermo plastc elastomers (TPE). Additionally we've glued recycled Vinyl records to the top (which act as a perfect mat) and bake this ‚sandwich' before precision balancing it. The final product subsequently benefits from a wonderfully resonance-free, heavy platter, that runs ultra-silently on an inverted ceramic ball bearing with magnetic suspension. Pro-Ject Xtension 9 Evolution includes a top-class high-end tonearm „9cc Evolution" and comes complete with a beautiful dustcover. 5 different high gloss lacquer finish options are available: mahogany, olive, walnut, eucalyptus, palisander, HG piano black, HG red, HG white.

Magnetically supported feet

With two magnets located in the feet, the turntable is practically floating. The studs in the feet are only used for keeping them centered. Due to this unique feature the turntable is perfectly decoupled from the surface it is placed on.
